### **DETAILED ACTION**

This office action is in response to the Terminal Disclaimer filed 6 April 2004.

#### ***Allowable Subject Matter***

Claims 1-37 are allowed.

The following is an examiner's statement of reasons for allowance stated in the paper mailed 12 March 2004 (It is stated here for applicant's convenience.): The prior art of record neither teaches nor suggests the claimed method for forming a composite structure having the specifically claimed layers and exclusive properties thereof. The composite product formed has been found patentable (see US 6617032), and therefore since the instant method forms the patented composite having the same layers and properties, it is also deemed novel over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
